Visakhapatnam, Andhra Pradesh

CAREER OBJECTIVE

Motivated and enthusiastic Computer Science student with a strong foundation in technology and problem-solving. Seeking an opportunity to contribute to innovative projects in a dynamic organization, where I can leverage my analytical skills and adaptability.

EDUCATIONAL DETAILS

Course	Organization	Year	CGPA / %
B. Tech, Computer Science & Engineering	Dadi Institute of Engineering and Technology	2023 – Pursuing	7.11 CGPA
Intermediate (MPC)	Ascent Junior College	2021 – 2023	55.2%
10th Class (SSC)	Sri Chaitanya Techno Curriculum	2023	99.3%

SKILLS

- **Programming Languages:** Python, Java, HTML.
- **Frameworks & Libraries:** Pandas, NumPy, Keras, PyTorch, TensorFlow.
- **Tools:** MS Office, MySQL.
- **Soft Skills:** Presentation & public speaking, strong communication, interpersonal skills.

PROJECTS

Smart Study Desk – IoT-based Smart Study Desk for enhanced learning. (Feb-Mar 2026)

- An innovative IoT-based system designed to enhance productivity, comfort, and focus for students and professionals. By integrating multiple sensors and real-time feedback mechanisms, the desk creates an intelligent study environment that adapts to the user's needs.
- Tools used:** IoT devices (Arduino Uno, DHT11 sensor, LDR, Ultrasonic sensor HC-SR04, IR sensor, OLED display/LCD, buzzer, LEDs, etc.)
- Repository:** <https://github.com/Tejeshsaicharan19/smart-study-desk.git>

Resume Analyzer — AI-Powered Agentic Resume Analyzer. (Apr-may 2026)

- Developed a multi-agent AI application that performs ATS scoring, resume parsing, skill gap analysis, RAG-based question answering, and ML-powered shortlisting prediction through an interactive Streamlit interface.
- Tools used:** Python, Streamlit, LangGraph, LangChain, Gemini API, FAISS, Scikit-learn.
- Repository:** <https://github.com/Tejeshsaicharan19/resume-analyser.git>

WalletGuard — Android App for Efficient Personal Finance Tracking and Performance Evaluation. (May-Jun 2026)

- Developed WalletGuard, an AI-powered personal finance management mobile application that helps users securely track income and expenses, monitor spending habits, and receive intelligent financial insights. Used Firebase for secure authentication and cloud data storage, while integrating Ollama to provide personalized AI-based spending analysis and budgeting recommendations.
- Tools used:** Flutter (Dart), Firebase Authentication, Cloud Firestore, Firebase Cloud Messaging, Ollama (Local LLM), REST API, Android Studio, VS Code, Git.
- Repository:** <https://github.com/Tejeshsaicharan19/WALLETGUARD-Financial-tracker-and-efficient-budgeting-application.git>

CERTIFICATIONS

- Joy of computing using python - NPTEL (July-Oct 2025)
- Quantum computing – SKILL AP(APSSDC) (February 9th – February 13th 2026)
- Data Analytics Job Simulation – Deloitte (March 3rd, 2026)
- Gen AI Powered Data Analytics Job Simulation – Tata (April 8th, 2026)
- Pitch Night Edition – Google (May 23rd, 2026)
- Robotics and Controls Job Simulation – Johnson & Johnson MedTech (June 28th, 2026)

- Introduction to SQL (August 26th 2026)
- Introduction to Python (August 27th 2026)
- Understanding data visualization (August 27th 2026)
- Introduction to relational database in SQL (August 27th 2026)
- Understanding cloud computing (August 28th 2026)
- Data warehousing concepts (August 28th 2026)
- Data-driven decision making in SQL (August 28th 2026)
- Introduction to redshift (August 28th 2026)
- Introduction to deep learning with pytorch (August 28th 2026)
- Applying SQL to real-world problems (August 28th 2026)
- Creating to postgresSQL databases (August 29th 2026)
- Working with Llama 3 (August 29th 2026)
- Introduction to DBT (August 30th 2026)
- Intermediate Object-Oriented programming in python (August 30th 2026)

COMMUNITY SERVICE PROJECT

Food Habits — April & May 2025

Conducted an 8-week Food Habits awareness camp. Food habits refer to the way people choose, prepare, and consume food in their daily life. These habits are influenced by factors such as culture, tradition, availability of food, lifestyle, health awareness, and personal preferences.

VIRTUAL INTERNSHIPS

- AI-ML Virtual Internship – Google for Developers (Oct–Dec 2024)
- Cybersecurity Virtual Internship – Palo Alto Networks (Jan–Feb 2025)
- Ethical Hacking Virtual Internship – Edu Skills (Apr–Jun 2025)
- Android Developer Virtual Internship – Google for Developers (Jul–Sept 2025)
- Cloud Game Development Virtual Internship – AWS (Oct–Dec 2025)
- Python Full-Stack Developer Virtual Internship – Edu Skills (Jan–Mar 2026)
- Data analytics with python and Power BI – NPTEL (Jun-Aug 2026)

PAPER PUBLICATIONS

- Published an abstract titled "Smart Task Delegator" at the national conference NCTCT-2K26
- Published an abstract titled "Hydraulic Elevator" at the national conference NCTCT-2K25

ACHIEVEMENTS

- Secured the Best Volunteer of the Department award, presented by the Computer Society of India (CSI), in March 2026

PROFESSIONAL MEMBERSHIPS

Worked as an Event Analyst member in the college Computer Society of India (CSI) professional body, with experience in event analysis, report preparation, and designing Google Forms for data collection.

VOLUNTEER EXPERIENCE

- **DIET Volunteer Club (DVC) – College Event Member.** Serving as a college event member of the DIET Volunteer Club (DVC), supporting the planning and execution of college-level events and activities.
- **Vizag Volunteer.** Currently an active member of Vizag Volunteer, contributing to community service and social outreach initiatives in Visakhapatnam.

HOBBIES

- Listening to music • Watching movies • Travelling • Photography

LANGUAGES KNOWN

- English • Telugu • Hindi

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge.

Date: 14nd September, 2026

Place: Visakhapatnam, Andhra Pradesh
